ABOUT INDIAN INSTITUTE OF CORPORATE AFFAIRS

Indian Institute of Corporate Affairs (Website: www.iica.in) is a 21st century unique world class institution established by the **Ministry of Corporate Affairs, Government of India**. Its aim is to provide holistic treatment of all issues that impact corporate functioning to help today's business and shape tomorrow's. **The Hon'ble Minister of State for Finance & Corporate Affairs is the President of IICA. Secretary, Ministry of Corporate Affairs is the Chairperson of the Board of Governors**, which has many eminent personalities. The state-of-the-art campus of IICA is located at Manesar, Dist. Gurgaon, Haryana.

The **Centre for MSME**, an integral part of Indian Institute of Corporate Affairs (IICA), has been established to foster understanding of the regulatory framework, encourage innovative responses to business environments and focus on all other relevant issues affecting the MSMEs. It enables capacity building through training and interactions such as seminars and workshops, engages in documentation and research on MSMEs practices, encourages cluster development initiatives and uses its pivotal crosscutting position to create synergy among various facets of the MSME sector.

About the Workshop

Funds Raising is a critical task for every company and it can become tedious if you don't understand the finer nuances of the process. For growing companies, seeking to raise capital, listing & IPO on stock exchange can be a superior route to growth. Stock Exchange Listing and IPO will help unleash the valuation of companies and in the process will create valuation and wealth for all the stakeholders. The companies now have the great opportunity to grow into big public listed companies by getting themselves listed on stock exchanges. This workshop will help companies owners to be well prepared to transform their company into a successful and wealthy public listed company that continually delivers maximum value to its shareholders.

The technology and e-commerce businesses in India have seen unprecedented growth. Several million dollar businesses have been created in a short span of time. Generally, start-ups are high on technology but face biggest challenge in funds raising and in implementing financial ideas and strategies. About 90% of businesses fail due to lack of sufficient funding.

This one day workshop is intended to disseminate knowledge and in helping companies in availing greater access to funds easily and quickly in an efficient & credible manner, business value creation, wealth creation, IPO, listing the company at India's premier stock exchanges, extensive tax savings, easy & tax efficient entry and exit strategies for PE / VC / angel investors, national & international branding, business monetization, maximizing profits and many more.
