Jointly Present
Two Day Residential Programme on 'Risk Management & Internal Audit'
June 13-15th 2013, Manesar

For Whom: Professionals involved in the field of Internal Auditing, Risk Management, or, any professional who aspires to explore the knowledge on Risk Management and Internal Audit will find the programme useful.

Purpose: With the ever growing complexity of the business environment globally, the business risks have grown exponentially. The situation calls for establishing 'risk appetite' and establishing an adequate and efficient enterprise risk management system. A vibrant Internal Auditing Department in each organization is essential for providing assurance to the Board that the risk management system is adequate and operating effectively. The Board expects the Internal Auditing function to work as a internal consultant while protecting its independence from the executive management. This challenges the conventional perception about the Internal Audit function. The Workshop will provide an understanding of the Enterprise Risk Management system and the concept of Risk Based Internal Audit.
